## About Sangean

Sangean Electronics was established in 1974, in Taiwan. Sangean began as an engineering and manufacturing company in the business of designing, engineering and manufacturing world band, atomic / digital clock and portable / personal pocket radio equipment for the consumer electronics industry. The company's product line has since expanded to include highly advanced WiFi / Internet, Clock Radios, Table-Top 'all-in-one' Radios with Bluetooth and 'App Control' and of course the latest DAB+ Digital Radios.

Sangean has established a reputation for manufacturing to the highest quality standards and performance for over 40 years. As a world class OEM supplier, we have also been producing audio equipment for a number of top major manufacturers. Our "own" state-of-the art factory is ISO 9001 certified and features the latest technological innovations in engineering, design and manufacturing. Our priority is to supply the highest quality products that can achieve maximum performance yet give exceptional value for money.

**With reception second to none teamed with superior sound quality and ease of use – your radio never sounded so good!**

**Note:** DAB+ models may not be available in New Zealand

# Internet connection required.

\* This product can use and recharge rechargeable batteries (NiMH) not included.
