

NEO C-MUC

USB-C to USB-C cable (120cm)

Whole new level of connectivity

The USB-C to USB-C cable is an all-in-one cable that supports data transfer, power and display output. Delivering on both utility and style, the cable is designed to withstand every day wear and tear, built with premium quality materials for enhanced durability.

Reversible connector

Designed with reversible USB-C connectors on both ends, you can simply plug the cable into the USB-C equipped device in any direction. Sharing content has never been easy.

Incredible video resolution

Enjoy stunning clarity and sound with Ultra HD 4K @ 60Hz display output, producing a clean, crisp picture from your USB-C equipped device to external display.

High-speed data transfer

The ultimate smart, high-speed cable, reach incredible data transfer speeds up to 10Gbps, up to 20X faster than USB 2.0 (480Mbps) and 2X faster than USB 3.0 (5Gbps).

Fast and reliable charging

With up to 4.5A of power output, the cable quickly and safely charges your USB-C equipped device. Simply plug the other end into a USB-C wall charger.

Universal compatibility

The cable offers universal compatibility, supporting Windows, Mac and Chrome OS, making it the ideal solutions for connecting all your USB-C peripherals.
